

Terms of Use

Open Banking Developer Portal

These terms of use apply to the developer portal. Developer Portal is intended for testing purpose of applications used for account information services and/or payment initiation services as defined under national legislation implementing the Payment services directive (“PSD2”).

This Developer Portal is owned and maintained by
Oy Samlink Ab (Samlink)
Business ID 0970409-8
PO. Box 130
FI-02601 Espoo.

Samlink provides this Developer Portal on behalf of Oma Savings Bank Plc, POP Banks Amalgamation and Savings Banks Amalgamation.

Developer Portal consists of technical documentation and sandbox. In Sandbox, registered users may test functionalities and features of their applications by using test data.

By registering as a user of Developer Portal, you acknowledge, confirm and agree that

- The information you provide in order to use the Developer Portal is real and accurate.
- All the information and other materials in Developer Portal are provided on an “as is” basis and without any warranty of any kind. The information and functionalities may be subject to changes and do not constitute a binding commitment to implement services or specific technical or functional details to the services.
- You may not use any name, logo or trademarks, copyrights or any other intellectual property owned by Samlink or the banks on whose behalf Samlink provides the Developer Portal. The use of Developer Portal is allowed by adhering to these terms, related guidance and documentation.
- You have to notice that Samlink owns all rights, interests and intellectual property rights of applications, functionalities and related information in the Developer Portal.
- You are responsible for protecting your hardware, software, data and other material from viruses, malware and other sort of internet security risks.
- You agree that while using Developer Portal and Sandbox you do not expose Samlink to malicious software or security risks like malware, trojans, viruses, denial of service attacks or any other technologically harmful material either to or via Sandbox.
- You agree to refrain from such performance testing which with its scale could risk the functionalities of API’s or background applications offered for testing in Sandbox.
- You are not allowed to send any actual end user data to be processed in Sandbox, which means that in testing, you must always use test data.
- Neither Samlink nor the banks behalf of which Developer Portal is provided have no direct or indirect liability related to, or arising from, use of the information, including use of the software or specifications released in Sandbox.
- As a data controller Samlink processes personal data to deliver the services that are agreed between the parties. For the Sandbox related services, Samlink will use your personal data to provide the services to you. It is also possible that we communicate to you through the Portal or other means such as email to send you feedback and news relating to the Sandbox and related services. For detailed information on processing of personal data, please review privacy policy, which is available [here](#).

Samlink has right to suspend or terminate your right to access or use the information in case you violate these Terms of Use.
