

PSD2 Error percentages

As part of the PSD2 directive, banks are required to publish statistics of the PSD2 API performance, as required by the guidelines set by EBA. Updated report is published on quarterly basis. For Savings Banks, the report is split to three different reports; availability, response times and error rate.

This report shows the error rate of Savings Banks PSD2 API. Error rate is shown as the percentage of the API calls. In case you have any questions or feedback regarding the report, please do contact our service provider.
